DETAILED ACTION

Amendment

1. Receipt is acknowledged of the amendment filed 18 April 2007.

Ex-Parte Quayle Action

2. This application is in condition for allowance except for the following formal matters:

Claim Objections

3. Claims 14, 23, and 33-35 are objected to because of the following informalities:
Claims 14, 23, and 33-35 use trademark product names such as ADVANTAGE, TESLIN, TYVEC, MYLAR, and MELINEX. The use of these trademarks has been noted in this application. They should be capitalized wherever they appear and be accompanied by the generic terminology. Although the use of trademarks is permissible in patent applications, the proprietary nature of the marks should be respected and every effort made to prevent their use in any manner which might adversely affect their validity as trademarks.

Appropriate correction is required.

Allowable Subject Matter

4. Claims 1-35 are allowed.
5. The following is a statement of reasons for the indication of allowable subject matter: The best prior art of Chatwin fails to teach the limitations of the claims. More specifically, Chatwin fails to teach the particular arrangement of the layers of the security feature. See applicant's remarks in the response filed 18 April 2007.

Conclusion

6. Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
